Gluten?

For people suffering from Celiac Disease glutes are poison. There are limited dietary choices for people with gluten sensitivity and beer is off limits!

Woodchuck Draft Cider is not a malt based beverage and there are no additional glutes added into the formula. This means that Woodchuck Draft Cider is gluten free! Woodchuck is the perfect alternative to beer for people with gluten sensitivity!

Anheuser Busch has also recently begun to promote a gluten free beer made from Sorghum called Redbridge. It's available at Summits in the bottle and is a great tasting brew.

Snellville Celebration!

This week marks a Summits Wayside Tavern anniversary... Our Snellville location celebrates its 15th anniversary this week!

In the Summer of 1993 Andy began the renovation of the space that we know and love as Summits Snellville! We hired brand new staff members (two of those staff members were Kevin and myself! So we are also celebrating our anniversaries with the company) and built a shiny new beer cooler and opened our doors the third week of September.

Over the years we have been graced with some of the best friends around! All of our stores have terrifically loyal patrons... but Snellville's are some of the unchallenged greats! I'm pleased to state that I still see a lot of the same friendly faces today that I saw back then... We've watched you and your families grow. We've been a part of birthday parties, weddings, births and

Snellville Celebration... (cont. from pg. 1)

deaths. We have helped you celebrate and we have helped you escape the doldrums of daily grind. We saw the birth of "The Snellville Beer Society" and many other unions and gathering of friends that will hopefully last a lifetime. I personally met my husband and a few of the best friends that I've ever had at the Snellville Summits!

And you, our friends, have done a lot for us! You welcomed us into your community, you gave us your energy and attention. You brought life into our restaurant and made work a fun place to be. You made us smile and know what it is like to feel appreciated and welcome. You have supported our programs and been loyal. You have supported us through birthdays, weddings, births and deaths, too. You are the reason we are still here.

It sounds cliché to ask for fifteen more years... it sounds trite to say that we appreciate you... but we do hope for many more years of friendship and we do value you, our guests. We want to thank you for keeping us fresh and energized. Serving you has sincerely been our pleasure.

Here's to you, here's to us... Happy 15th Anniversary!

Champagne Cooking Tips

You may also substitute corresponding non-sparkling white wines for most of these recipes, if you don't want to splurge on champagne.

The majority of any alcohol content will burn out during cooking processes, but be aware that even a tiny amount may still be enough to trigger reactions in those sensitive to alcohol.

Beer Spotlight

Moretti

Udine, Italy

Birra Moretti is known as the Italian beer that is produced only with the highest quality raw materials and a particular mixture of valuable hops that gives the beer its aroma and unique fragrance intensifying the slight bitter flavor. It is a low fermented beer that has a golden color, because of the quality of malt used. Birra Moretti is the great beer of Italian tradition, appreciated for its taste and the great quality of its ingredients. Its character- warm, sociable, authentic Italian - makes it always the best choice.

Beer Geek

Many actors started out as bartenders: Sandra Bullock, Bruce Willis, Tom Arnold, Chevy Chase, Kris Kristofferson and Bill Cosby are a few of these.

American beer is made mostly by rice, unlike the beers of other countries. This was invented to give American beer a lighter taste and tap into the market of women buyers.

Michelob was invented during a brewer's strike in the 1930s from a recipe tossed together by the untrained workers left behind to run the brewery. .
